

Vote for Eleanor Strutt

Postgraduate Academic Officer

I want to give you...

A Voice

To make sure that your concerns, aspirations and problems are heard!

Balance

Support from the SU and the university when balancing life, work and study

Opportunity

Networking events and professional skills development workshops to enable you to prepare for life post-TL.

Information

Comprehensive inductions and pre-arrival information packs so that students don't arrive feeling disorientated and confused.

Support

I will be on hand regularly to meet with you ensuring that all issues are being dealt with swiftly and appropriately.

Inclusivity

PG dancers and musicians should have more opportunity to create and integrate. We should have the opportunity to work together outside of CoLab and assignments. This can only happen if events include the chance to get together.

Release

PGs wanna have fun too! While undergrads are often catered for with events, we are rarely given the same opportunity. I promise to ensure a higher number of postgrad-specific socials and events.

Ramp It Up!

A performance platform based on the ramp in the Laban building

Free Printing

Self-explanatory... more free printing credit for ALL!

As a Postgraduate Students' Officer, I would be dedicated to ensuring that postgraduates at Trinity Laban are fairly represented. It's about time that our needs and requests are catered for. We shouldn't be an after-thought.
