

BENJAMIN WAKLEY

UNDERGRADUATE MUSIC OFFICER

1

MAKE SURE THE STUDENT VOICE IS HEARD

Too often students are left out of decisions that affect them. I would like to:

- Ensure that students are involved at every stage of the discussion and decision making, working together with staff
- Introduce more regular 'Town hall' style meetings between students, staff and the SU, allowing students to voice their opinions on issues that concern them.

2

ENSURE THAT COMMUNICATION IS CLEAR

We are all aware that communication between staff and students at Trinity Laban is not always efficient or detailed enough. My Goal is to ensure that staff members who are making decisions that impact us, communicate quickly and concisely with all students involved. I will:

- Chase up on any requests from students that feel they have been waiting on a response from a staff member or feel that the answer they have been given is insufficient

3

EXTRA PROJECTS OR PERFORMANCE OPPORTUNITIES

Due to COVID-19 there have been little chance for performances. I would like to ensure that, when possible there are as many opportunities to perform and make music as possible.

- Contact venues such as the Chapel, room bookings, Blackheath halls or St. Alfege's church to organise concerts or rehearsal time.
- Discuss the introduction of extra projects, such as a concerto orchestra, and rep sessions for Jazz, musical theatre and classical students alike.

4

CREATE A COHESIVE STUDENT UNION

I would love to work closely with all members of the Student union team to create an ideal environment for students. I would like too:

- Ensure that there are lots of social events
- Ensure that the Student Union is a safe place for conversation and support for students that need it
- Enable the creation of societies to bring groups of people with the same interests together

EXPERIENCE

I am a second year Bmus student at Trinity Laban, and am currently a member of the Student reps' team and a Saturday assistant at Junior Trinity.

I have been in both of these roles since the start of my time at Trinity Laban and I believe that it has helped me develop a strong working relationship with both students and staff. I believe that this will allow me to effectively deal with all issues raised by students

Each student at Trinity Laban faces individual challenges during their time studying here. I want to make sure each individual student has a voice that can be heard. As a member of the SU team I will try and ensure fast and effective communication between students, staff and the students union so that any issues can be quickly sorted out.
