

# Euan Holwill: Societies Officer

You can trust me, I'm from Yorkshire

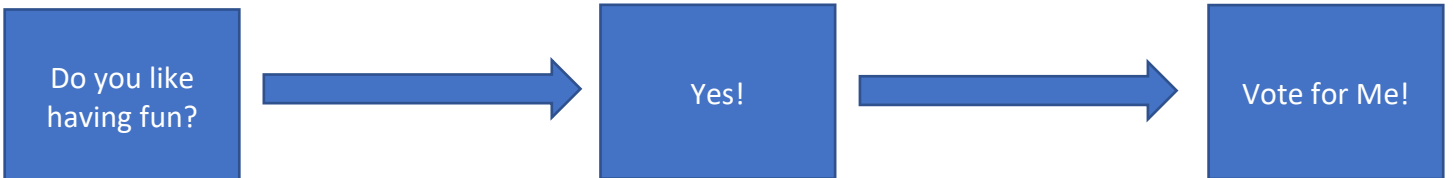

**If you like doing things other than practising, I'm the man for you!**

There aren't many societies at Trinity. Let's change that!

## **What I want to do:**

- Give all students the opportunity to set up and join a society
- Encourage students from KCC, Laban and Laurie Grove to take part in all events
- Promote student wellbeing through taking part in activities outside of our degrees, either in sport and exercise, wine and cheese nights, or video game marathons! I want to hear what YOU like to do to relax, and get as many students on board as possible

How am I going to achieve this, I hear you ask!

- Make information about all societies clear and easy to access
- Make information on how to set up a society visible to all students
- Work with society leaders to promote healthy competition between conservatoires- we might be able to be better than them at something...
- Promote equality and inclusion at Trinity Laban by supporting the ACS and LGBTQIA+ societies
- Build on the success of this year's SU running cocktail nights and the outdoor bar in the courtyard
- Make the SU spaces more welcoming, comfortable and functional to use as a meeting space for student groups
- Work with the VP of Events to open *The Bar Downstairs* more regularly, with speciality cocktail nights, beers and events
