

23, Violinist, third-year MA.

Hannah Littlechild for TLSU Postgraduate Music Officer

My Goals:

- ❖ **PG events** - I would continue to plan and organise a variety of friendly PG events, alongside the PG Dance Officer, varying from themed cocktail nights to mixers and game nights. It is one of my priorities to ensure that all departments and faculties can stay connected throughout the year, not just during Freshers.
- ❖ **Networking and Workshops** - I want to further explore the possibility of holding networking events and workshops with industry professionals in accordance with different career paths that students are interested in (e.g. Musical Theatre, Symphony Orchestra, Teaching, Artist Management, Composition).
 - ❖ **PG Study Space** - one of my aims from last year was to allocate private PG-specific areas to study or chill. With COVID getting in the way, unfortunately this was not a realistic task. Without encouraging any rule-breaking congregation, I would like to explore the possibility again, so that PGs feel they have a calm and welcoming space to hang out during the day at college.
 - ❖ **Play With Friends** - based on a few successful trials, I would like to create a regular performance slot, facilitated by the SU and separate from departmental performance platforms, where anyone can come and perform in front of their peers, without any pressure or stress.

As the PG Officer of TLSU 2020/21, I have already acquired the experience and knowledge to deliver the best possible support for PG music students. I am passionate about PGs getting the best student experience possible. I take pride in being approachable, supportive and sympathetic. Whether you have a question about your course, your teacher, tuition fees, performance platforms, you want to suggest an improvement to the curriculum or just want to talk about general life at TL, I am 100% on your side and will listen and support you in any way I can.
