

Sarah Conway – Submission for SU President

My Manifesto

Hello! My name is Sarah Conway and I am passionate that I can make a positive impact as the very first Musical Theatre SU President. Coming from the smallest department at Trinity Laban I understand how it feels from a student perspective when it seems like no one is listening and understanding of the simple little changes that make for the greater good of the study body. I have confidence that I can be an asset to the SU and a clear voice of reason as a representative for the well being of all students.

Here are a list of some of my goals for the coming year:

- Have a more straight forward system in place for student concerns, knowing who to talk to and how to get in touch with them quickly
- A plan in place for Freshers 2021, if the Covid-19 situation is not resolved, that is both exciting and has the same value to it as a normal freshers event. One example of this is arranging groups to partake in one of London's walking Silent disco tours through central
- More career development masterclasses across all disciplines of music, dance and MT so graduating into the performing arts can be a little less daunting and with the overall goal of students feeling less isolated and lost leaving the safety of Uni
- More information on surviving uni for students especially moving far from home and support in place for those unhappy going home at breaks
- A guide on how to financially support yourself as a student in London and where to get all the best bargains from unidays to half priced beveraginos to getting your food shop every week

I am confident I have the skill set and drive to be the best person for this position and I hope you make the right decision voting for me as your SU President 2021/2022!
