

I am Lilli O'Reilly Wagner Hansen, a second year BA contemporary dance student and I am running for the SU's VP of dance position. I believe the SU has a lot to offer, which we as students are not really aware of. I have confidence that I would be a good asset to the team and a good set of eyes in the Laban building to communicate your requirements to the rest of the team and the school. Like all dance students, I love spending time in the building and seeing the things which are taking place. I know many of the pros and cons about being a student at Trinity Laban and I am not afraid of saying what I think, or what other student's experience. I will do anything I can to try and achieve as much as possible.

Lilli O'Reilly Wagner Hansen For VP of Dance

Here are a some of the things which I believe in:

- Make the SU more visible, letting you know what we can do for you
- Getting good guest teachers to do evening classes, even if for now means thinking creatively to make this happen
- A trustworthy person who you can come to whenever it is needed.
- Fun and happy mood for events, or for a chat
