

William Byram for Postgraduate Dance Officer

Hello, My name is Will (he/him) and I'd like to be your Postgraduate Dance Officer for the TSLU!

I plan to encourage discussions about curricular evaluation through de-colonial practices that will pose to the institution its shortcomings in diversity & representation, specifically at the Graduate Symposium. Along with my other TSLU members, I hope to encourage the continued practice of acknowledging our privilege as a predominately white HE institution by implementing more anti-racist initiatives. I plan to keep the conversation uncomfortable, yet respectful and effective. I plan to bring awareness to the fact that most lectures or guests coming to teach the postgraduate dance students are white, cis-gendered people whose practice derives from primarily western, euro-centric forms and ideologies.

To create a more intersectional and global experience at TL as a postgraduate dance student is my goal.
