

Lewis for Undergraduate Music Officer

Hi everyone! My name is Lewis and I'm a third year undergraduate Tuba player running for the role of Undergraduate Music Officer. I believe everyone's voice should be heard and respected. It is fair that we all have a say in the way our course is run. By working with the SU I aim to help the team in fostering a sense of belonging for everyone. I already have a strong relationship with Euan - the VP of music - and will be able to work closely with him.

I promise to:

- Make sure all student voices are represented. Everyone has a right to be taken seriously.
- Voice the current complaints about the cutting of departmental classes and open a dialogue within the college.
- To put weight behind peoples' wish for regular rep classes and more cross faculty opportunities.
- Be present and provide consistent support to the student body.
- Develop a close working relationship with the student reps.
- Work closely with the SU team and maintain transparency.
- Nurture the inclusive, vibrant community at Trinity Laban in order to ensure a safe space for everybody.
