

My name is Keith Corprew, I am in the MFA Creative Practice Programme, and I am running for the position of Vice President of Dance for the 2022-2023 Trinity Laban Student Union.

One of the most important values that I have committed my life to is the formation and sustaining of community. Community, to me, is the coming together of individuals with different experiences and viewpoints who are committed to a common goal of improving a shared space that they occupy. As TLSU VP of Dance, I will work to ensure that within the Faculty of Dance a space is created that includes, values, and brings together the various voices that make up our TL dance community so that we are able to improve this space we now call home.

Prior to enrolling as a student at TL, I worked as an administrator with several academic programs at Morehouse College in Atlanta, Georgia. In these roles, I was responsible for the management and coordination of programming that promoted community formation and supported student success through co-curricular programming. I will bring the skills garnered from these experiences to TL to ensure that the dance officers and I are able to create an experience that meets your expectations and needs of the TLSU. Whether it be professional development workshops, discussions with professional dancers/choreographers, or even planning a flashmob to take place in the local Greenwich area, it is my hope that we will be able to serve you in providing the support you need to enrich your experience here at TL, socially and professionally.

I look forward to serving you and working alongside the TLSU team to provide you with an amazing experience this academic year!

Vote Keith for VP of Dance!
