

Stephen Stanley for President

Why vote for me?

As a former SU President, I know the most about what the role involves and the required skills and qualities - and I can draw from TLSU's previous successes and setbacks to help shape the future.

I'm rarely the loudest in the room (a quiet trombonist? Surely not!), but I never back down from a challenge!

This year's team has worked very hard and made great reforms, and I want to build on their efforts to improve TL further - I'm really looking forward to working **with** you and **for** you once more.

So, what's the plan?

- Encourage all TL Faculties & Departments to standardise approaches by sharing their best practices
- Build a closer working relationship between TLSU and Student Reps
- Address accommodation issues at McMillan
- Improve student safety
- Develop a practical and meaningful "net zero carbon" policy for TL, and ensure that TLSU leads by example when possible
- Provide an even wider range of social events, and organise joint events with London-based conservatoires (and/or nearby universities)
- Continue renovating the "Student Spaces" on all campuses
- Revamp TL & TLSU merchandise
