

Hi, I'm Amadea. I am running to be your next Student Union President!

### Why Should You Vote and Why Am I Running???

1. **I want to make a change for you**, building an even greater community at Trinity Laban.
2. I've always represented students - **I care about everyone being heard** - I am ready to take this even further with this role.
3. **I know it all inside out!** I am part of this year's team, as TLSU Secretary, where I help with admin, societies, and lockers. I have acted on a new locker system, an increase in societies, and better union engagement.
4. I have strong connections with staff members and a full understanding of TL. This allows me to have **great communication** and act on things fast!
5. I have a great understanding of all Music, Dance, and MT Faculties.
6. I will ensure **consistency** with current positives, whilst offering a *fresh perspective* to continue improving.
7. I am a **natural leader** and have skills and experience that allow me to manage and work closely within a team!
8. I want to **develop even more** with skills such as financial management, organisation and leadership.

## MY PROMISES

- To LISTEN and take ACTION
- To PRIORITISE student interest and experience.
- To manage my time between ALL CAMPUSES every week.
- To WORK CLOSELY with the TEAM and delegate effectively.
- "Do not change things that don't need fixing" focus on small manageable changes.

### Here are some IDEAS I have come up with and would love to initiate!

- TLSU Newsletter – a monthly or weekly addition, to showcase students, alumni news & local community activities.
- Student Voice Platform – anonymous forms for general feedback, online engagement and in person weekly sessions. To be initiated with your ideas!
- Culture Week – Celebrate and highlight all the different cultures at TL.
- Improve social SU areas – ensuring ALL TLSU spaces are comfortable for EVERYONE. Small changes such as *better furniture* and making them *more appropriate* for students' needs
- Quiet Spaces – Take more care of the quiet time and spaces throughout all campuses
- More financial support for societies – encouraging a case-by-case basis to find a better way to support our societies financially.
- Social media improvement – relevant and consistent content, as well as working closely with Brand and Comms.
- Connections with other colleges – work closely with ALCOPA to host more merged events, connecting students better socially and professionally.
- More engagement at Laban and Laurie Grove – more events and activities at both campuses, merging all three departments through our events.

**MY**  
**IDEAS**
